HON JOSEPH F. BOSWORTH.

The subject of this sketch, the Hon. Joe F. Bosworth is a candidate for state senator from the seventeenth senatorial district, subject to the action of the Republican party. Mr. Bosworth came to Middlesboro early in the history of the town and early took an active part in the civic life of the city and all during his residence here he has labored for the interest and advancement of the mountain section and for the success of the Republican party.

He was twice elected by the Republicans as city judge and once as city attorney and is at present a member of the Republican county committee of Bell county. Two years ago he was nominated and elected as the Republican representative to the legislature of 96-97 General Assembly.

While acting as Representative he secured the passage of the Republican measure; the act creating the 33d judicial district, and also secured the passage of four other measures of vital interest to the mountain sections. He was also chairman of the joint Republican caucus of the house and senate of that session of the legislature.

Mr. Bosworth is the Republican who instituted the suit assailing the present redistricting act which discriminates against the representation of the mountain section in the legislative halls of the state.

During the session of the legislature he made an enviable record working for the mountain section, his home city and for his party, and if called to the senate, with his ripened experience he could bring to his work in that body the knowledge and success that has characterized his efforts in the past.

Judge Bosworth secured the repeal of the Rountree acts, which

would have worked inestimable harm to Middlesboro and left her without a city government.

Judge Bosworth has never turned a deaf ear to the calls of charity or benevolence and Rev. C. M. Reed, pastor of the Baptist church of which church the subject of this sketch is a member has always found him ready to give freely of his means to every religious or benevolent effort.

At the Republican mass convention held at Pineville, June 15, the following resolutions were unanimously adopted:

Whereas, the Republican party has ever been quick to recognize and reward the faithfulness and efficiency of its public servants.

And whereas, the Hon. Joe F. Bosworth, our Representative in the last General Assembly of Kentucky, proved himself an able and conscientious servant of his people and a Republican of unquestioned principle.

And whereas, he aspires to represent this the 17th Senatorial district of Kentucky in the next Grand Assembly,

And whereas, it is the sense of this body that his election will conduce to the best interest of the district and his party,

Now therefore be it resolved by the Republicans of Bell county, in mass convention assembled, that we heartily endorse his record in the last General Assembly of Kentucky as that of a faithful and consistent Republican, and commend him to the people of his district as a broad and liberal minded statesman and a true and faithful Republican believing that in his election the people will have chosen an officer who will reflect credit on his district and add honor to his party. —Middlesboro Record.

What is the moral effect of Free Masonry, Odd Fellowship, Knights of Labor and the numerous secret societies upon the home? Solomon the wise man, said: "Discover not a secret to another," and he had good reasons for laying such an injunction, for in his time, as at the present, there were people too much disposed to tell all they knew. One half the trouble in every community, comes from the fact that so many people have not the capacity to keep their mouths shut. We have two ears but only one tongue which is suggestive of the fact that we should hear more than we tell. By the power of a secret divulged, families, churches, neighborhoods and even nations fly apart. By the power of a secret kept, great charities, reformatory movements and Christian enterprises may be advanced. It is an often discussed question whether associations that do not have their work with closed doors, and admit their members with pass words, and greet each other with a secret grip are right or wrong. Our answers is that it depends entirely upon the object for which they meet. If it is to pass the hours in revelry and obscene talk or to plot trouble to the state, then we say with emphasis that it is wrong. But where the object is improvement of the mind the enlargement of the heart, the defense of the government that we say with just as much emphasis that they are a blessing. There is no need that those who plan for right over wrong should publish to the world their intentions. Secrecy of plot and execution are wrong only when the object and end are nefarious. Every family is a secret society, every business firm and every banking institution. Then men who have no capacity to keep a secret are unfit for positions of trust anywhere. Secret societies have done incalculable good. Some of the secret societies have poured a very heaven of sunshine and benediction into the home of suffering. Some of them are founded in fidelity to good citizenship and the Bible. Christ has given us a rule by which we may judge, not only all individuals, but all secret societies, "By their fruit ye shall know them." Bad societies make bad men. Good societies make good men. A bad man will not stay in a good society and a good man will not stay in a bad society. Test these societies by two or three rules. Their influence on home.

That wife soon loses her influence over her husband who looks upon all evening absence as an assault on domesticity. That wife who becomes jealous of her husband's attention to art, or literature, or religion, or charity is breaking her own septre of conjugal power. But let no man sacrifice home life to secret society life, as some do. Some men are as genial as angels at the society room and as ugly as sin at home.

POLITICS AND POLITICIAN

Gov. Patterson, of Tennessee, declares that he will not call an extra session of the Legislature on account of the Memphis charter decision.

According to the views of Judge H. M. Garwood, a prominent Texas lawyer the South views the candidacy of William J. Bryan with coldness and indifference and people in his section of the country think it ridiculous that the Nebraska should be deemed a Democrat.

The Republican City Committee of Paducah has offered to permit the woman's Club and High School Alumni Association to name the ten candidates for School Trustees to be elected next fall, without regard to the party affiliations of the candidates.

The Oklahoma Supreme Court has dissolved the injunction issued by District Judge Paucoast, restraining the Constitutional Convention from submitting to a vote of the people the Constitution drawn for the proposed new State of Oklahoma. The convention it is thought, will now be called together and a new date for the election set.

In the course of an interview in New York the other day Mr. Bryan was asked to give his idea of a progressive Democrat, and he replied: "In every country there are two extremes in politics—the radical and the conservative. It is the aim of the progressive Democrat to steer a middle course between the two and to take up all great measures and solve them. This year I find the Democratic party to be in excellent condition and more united than ever, while to the contrary the Republicans are divided. There are two elements in the Republican party, one which I might call the extremists and the other the 'Stand patter,' the latter representing those people who have put their hands in the other people's pockets and wish to keep them there."

Women Inclined to Constipation

Women, owing to their peculiar functions, are prone to constipation, and many of their other ills are due to this congestion in the bowels which fills the blood with impure matter that permeates the entire system. In most cases foul breath, bad complexion, sick headache and such like ills are primarily caused by constipation or indigestion.

Women should be happy to learn of a remedy that cures constipation and indigestion, and that has such other ingredients as purify the blood and tone up all the digestive organs. This remedy is Dr. Caldwell's Syrup Pepsin, which can be bought at any drug store for 50 cents or \$1 a bottle. Women have been curing themselves with this remedy for sixteen years, and the offer of years ago still stands to-day, that you buy Dr. Caldwell's Syrup Pepsin with the understanding that it will do as claimed or your money will be refunded.

This great herb laxative compound is especially suited to the delicate system of women because of its gentle but prompt action. Its pleasant taste and its freedom from gripping. It does not weaken like purgatives and cathartics, but builds up and strengthens. It is a guaranteed permanent cure and should be as steady in your home as in that of thousands of others. Women use it themselves and give it to children in preference to any other laxative because it is guaranteed to do what a good laxative should do, and does it gently. Mrs. Tyler, of 888 Madison Ave., St. Louis, Mo., is glad to say that it cured her constipation and stomach trouble and recommends it to American womanhood. She is but one of thousands who are loud in praise of it. You who have never used it should begin to-day. You will date your freedom from sickness to the day that you start the use of Dr. Caldwell's Syrup Pepsin. Your druggist will sell you a bottle under our absolute guarantee.

FREE TEST: Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Get the most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." This product bears partly guaranteed No. 11, Washington, D. C. PEPSIN SYRUP CO. 119 Caldwell Bldg., Monticello, Ill.

Remember the Brodhead fair Aug. 14, 15 and 16. Secretary Robbins says the premiums will be more liberal this year than ever before and we trust, that the farmers will have a good exhibit of their products. Simply getting a little premium is not the only thing to consider, but the spirit which will be stimulated to improve and excel will count most.

WANTED:—Some one to invent or coin a word descriptive of a message sent by telephone. One sent by telegraph is, of course, called a telegram. Why not say "phonegram", "fonogram" or "fonegram." It has been 31 years since Bell received a patent on the telephone but up to this time no satisfactory word has been suggested that would cover the case.

The Crab Orchard Fair and Racing Association will hold their fifth annual exhibition July 10, 11 and 12, 1907. Their premium list is a great one. Among others are \$150 stake for saddle horses and \$150 stake for roadsters. Everybody come and have a good time. A grand ball at the Springs Hotel every night during the fair. Write for catalogue.

W. M. Hicks, better known as "Mart" was here Saturday and told us that he had bought the stock of goods of J. C. Hocker at Livingston and will consolidate them with his present stock. Mart is doing a good business and his many friends through this and other counties, will be glad to know that his earnest efforts are being rewarded. Like many of our most useful and successful men, he was left when quite a lad to fight his own battles, and by push, energy and absolute honesty, has long since gained the confidence of those who come in contact with him and is now enjoying the fruits of a good harvest so richly deserving.

Just received a full line of men's, boys and youths' clothing. ALBRIGHT & ADAMS, Brodhead Ky.

Jim Ballou was given one year in the pen, at Stanford yesterday, for shooting at a brakeman near Maywood about two months ago. Ballou served one nine year sentence for wrecking a train near Altamont Laurel county, and if he is given the full benefit of the law, his former sentence will be doubled, giving him eighteen years.

George W. Settle, a practicing attorney of Berea, was arrested Friday by Sheriff P. B. Broadus on a charge of seducing Drusilla Moberly, aged sixteen years. Warrants were also sworn out against Rebecca Pervis, white and and Devie Miller colored, charging them with being implicated in detaining the young girl. Settle, who formerly lived in this city, is a man of family and denies the grave charges preferred against him. He gave bond Saturday in the sum of \$1000 to await the action of the grand jury.—Richmond Climax.

I. A. Bcwman is at home from Jackson county this week attending court. Mr. Bowman has 74 head of cattle on the pea-vine in that county and spends most of his time there looking after them. He says he really enjoys the change of vocation for a short time, as squirrels and other game are plentiful and when not looking after his cattle, spends his time hunting. He killed a wild turkey last week and says there were several more in the drove, meaning that he will get others out of the bunch. He expects to have his cattle ready to put on the market about September.

One of the most unique and handsome tombstones ever made in the county has been finished by George Owens the tombstone man of this place. It is a double stone and is for Willis Griffin and his wife, both of whom are yet living in Mt. Vernon. Mr. Griffin wanted to have everything ready so when he passed away there would be no one put to any trouble in furnishing his tombstone.

Wood & Clark, the Orlando lumber-dealers, are certainly taking advantage of the golden opportunity "to make hay while the sun shines". Never was the demand for lumber greater or the price better than at present, and no time is lost by them to put every foot on the market possible, which means thousands of feet each month. J. A. ("Big") Wood and Dave Clark are the members of this firm, both splendid business men and the enterprising which they have established, means much to the East side of the county. Between forty and fifty men find employment with them at good wages. Separate from the lumber interests Mr. Wood has two large stores one located at Orlando and the other at Johnetta, doing a splendid business at both places. Henry L. Smith, who is one of the best business men we have ever known, is general manager of Mr. Wood's store at Orlando.

Last Saturday was registration day for the candidates in the Jailer, Representative and Magistrate in Dist. No. 2, races. Jailer's race, Barnett failed to put up his money and O. V. Jarrett gets a clear track.

Henry L. Smith was the only candidate to announce, and hence the Committee which will meet Monday will declare Jarrett and Smith the nominees, for Jailer and Magistrate respectively. In the Representative's race both candidates, W. A. B. Davis and R. M. Johnson, put up the required amount of registration fee. Just how this race will be decided is a question. To hold a primary, would cost more than the office pays and a convention is a thing seldom sought except by those who have a pretty good hold on the ropes. This matter will be decided next Monday.

WANTED:—Hickory and White-oak Spokes. Will pay the best market price. Also Hickory and White-oak butts. Will give price on application.

Special through coach on early morning train arriving at Mammoth Cave for dinner. \$9.35 the round trip, pays the railroad fare, also board at Cave Hotel and the two routes through the cave, leaving Livingston 3:10 A. M.; Mt. Vernon 3:40; Brodhead 3:50; Crab Orchard 4:11; Rowland 4:30; Stanford 4:33; Junction City 4:52; Parksville 4:05; Brumfield 5:14; Gravel Switch 5:22 A. M. See L. & N. agent.

The teachers institute began Monday. The instructor is Prof. W. R. Eubanks, who conducted the institute at this place last year. Prof. Eubanks is a splendid instructor and many of the older teachers have been heard to pronounce last year's institute the best held in Rockcastle in many years. With the same instructor and almost the same lot of teachers it is reasonable to suppose that the work this year has been equally if not more interesting than last year. Because of the lack of space we are unable to follow our usual custom of printing the minutes in full, but in our next issue we will give a brief synopsis of the weeks work.

An Indian woman secured a divorce from her husband. With-in a half hour after the decree of the court was rendered she procured license and was married to another man. When the Judge heard of it he set aside and annulled the decree of divorce. The question now is, whose wife is she? When she married the second man she was a single woman and certainly had the legal right to marry. But when the Judge annulled the decree of divorce it left her still the wife of her first husband. Looks like she now has two husbands, having been legally married to both. What will she do about it?

With such men behind the undertaking it is sure to succeed.—Danville Herald.

Taxes due from the banks of the State for this year will be accepted by Auditor Hager with the understanding that if the contention of the several banks of Louisville and Lexington that they are entitled to a deduction from the assessment according to the amount of government securities they held is sustained he will refund to them, as provided by law, the taxes paid by them to the amount of their holdings in such bonds. The auditor has received a written communication from attorney-general defining and approving his authority to adopt such a course. This action is taken to avoid much useless litigation, and under it the banks will be enabled to protect their rights pending final settlement in the courts of the question raised by some of them.

Spasms St. Vitus' Dance
 Many persons who suffered untold agonies from epilepsy, fits, spasms, and St. Vitus' Dance are today well. The strengthening influence of Dr. Miles' Nervine upon the shattered nerves having restored them to perfect health.

"I endured agony that words cannot express from St. Vitus' dance, which followed a very severe spell of rheumatism. I doctored with a physician, but the more I took of his medicine the worse I got. My mother's devotion saved me. After she had become almost heart-broken, as well as physically exhausted from constant care, by the advice of a neighbor she procured a bottle of Dr. Miles' Nervine. From the first dose to the last a continual change for the better was noticeable, and when I had taken eleven bottles I was well, and in robust health."

EDWARD D. REAM,
 North Manchester, Indiana.
 "Our little boy Harry, had spasms for three years, and although we doctored with many physicians, he continued to grow worse until he had ten spasms in one week. About that time attention was called to Dr. Miles' Nervine. We began giving it to him. His improvement seemed slow, but when he had finished the bottle the spasms had disappeared, and he had not been seen now for years. We shall always recommend Dr. Miles' Nervine."

The State Board of Agriculture made a contract for a survey of the forests of Kentucky, to begin at once, and also contracted with a native of Switzerland to go to that country and secure the right kind of families to come to Kentucky and make their homes. The emigrants will supply the great demand for farm hands, and it is expected that many of the best type will be secured.

"I look for a light hog run in July and August," said Cas. Goepfer, head buyer for the National outfit. "What happens one year is usually reversed the next. In 1906 we had a light run of hogs in May and June but in July and August the country cut them loose. This year we are getting our big run earlier. Last year, it will be remembered, the grower was playing for a seven-cent market, about this time and held stuff back with that object in view. This year the seven-cent card was played earlier in the season. At present, the country is liquidating hogs but doing it conservatively. As long as the market holds around \$6.25 at Chicago no trouble is experienced in getting a run indicating a desire to cash in. Logically receipts ought to diminish when haying begins and higher level of prices late in the summer is not improbable. At current prices the owner of a herd of mature hogs shows good judgment in sending them to the butcher as they have made him good money and carrying them in hot weather is to invite loss.

Female Weakness
 "Last Fall," writes Mrs. S. G. Bailey, of Tunneton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.
